Dear Georgie -

As promised, attached is the letter I received from [redacted] B6

In taken the letter at face value, it seems to be a perfectly honest response to my letter. Of my letter I should write to him or to the Library if he should propose any information at all as I am sure they should protect his safety. I [redacted] and tell him about the letter. I greatly admire the fundamentalists, especially since he had started the Bible Society just as fully fundamentalist as they are, but they do not approve of his activities.

Honorable Dear : U.S. Visa

I received your letter in which I learned about your worry for the disappearance of your brother. I think you have already advised by the American Embassy, your lawyer about the details, and that

[redacted] B6

One of my biggest desires is to get the visa to continue my studies that here, because of my personal, I have suspended, I hope not delay because the requirements are out of hands. I tell you this like an excuse. I want you to know that if I wanted to take advantage of your offering and of the Embassy's help for the things that I have right being just for trying to get my visa, although is one of my conditions.

I understand your worry and I feel bad about so I am sent help you and for that, in my hands this I tried to be the best I could, I know only I'm [redacted] of your brother even investigations around. I guess
